Under the Excise Law Spicy Correspondeuce Between A. Onkey Hall and President

The Metropolitan Board of Excise met yesterday afternoon, immediately after the adjournment of the Board of Health, all the members being present. The minutes of the

least meeting were read and approved,

Mr. Acros. Chairman of the Committee on Applications, presented the names of 500 persons, 91 of whom reside in Brooklyn, who were recommended as suitable to be intrusted with licenses. The report was received and the licenses

Ms. Manierra presented a petition from Joseph Ohea, who having been licensed, has grown weary of the business and desires to go to Europe. He desires to sell his business and desires to go to Europe. He desires to sell his place of business and assigns his license to his successor. This is the first case of the kind under the new order of things, and it was therefore referred to the counsel. It may be remarked, however, that it is not at all probable the request will be granted, even if the transfer could be legally made. Tickets for a mass temperance meeting to take place at the Academy of Music, Brooslyn, this evening, were distributed to the members of the Board.
